Hey, you wonderful people! 🤩 We had such a great time earlier this month sharing music and resources with the 2SLGBTQIA+ community at our Queer Community Engagement Concert! We want to keep doing events like these, so if you're interested in being involved, reach out to us any time! And if you missed the show, keep scrolling and you'll find a link to Corliss & LYTALINA rocking our faces off for our community! 🤘

Our next show is next weekend! 😱 It sneaked up on us. *(Let's do this!!!)* This will be our 3rd year performing at **Pride Across the Bridge**'s annual Pride Festival!

This year, the event will take place in Kirkland, WA. We'll be hitting the stage at around noon, but you should definitely stick around to see other amazing musicians perform, as well as checking out all the food trucks, local vendors, and community resources.

Aside from our upcoming shows, we are still working tirelessly on recording new music to share with y'all. We're trying to strike a good balance between studio time, gigs, and... everything else. *(it's a lot... we're happy, but tired.)* Your support means the world to us! Please keep listening, showing up, and being part of this journey with us.
